# Induction Hob

## IH100

voltage
220-240v

wattage
1800w
MAX

### Key benefits

- **120w to 1800w power range,**
  for simmering, boiling and versatility when cooking.
- **Durable Vitro Ceramic glass plate**
  adds a sleek, easy to maintain look to the hob as well as enhancing the simplistic use.
- **Functional rotary control**
  gives you complete control when cooking.
- **120 minute integrated timer**
  allows you to easily follow cooking instructions and recipes, set the timer and the hob will turn itself off.
- **Suitable for pan bases**
  between 12cm and 25cm diameter allows you to cook a large range of dishes.
- **Integrated safety features**
  including pan detection, boil dry protection and auto shut off for peace of mind when cooking.
- **Very energy efficient**
  when compared to conventional Gas and Electric cooking.
- **Very easy to clean and safe to use,**
  perfect for first time chefs!
